

Jyothi Nikethan English Medium School is run and operated by The Schritt Fuer Schritt / Master Vision has formed under the visionary leadership of Mrs. & Mr. Ida and Josef Gassner. Its prime goal is to bring development in the areas of Education, Performing Arts, Athletic Sports/games, Health & Wellness and Social and Environmental issues. Jyothi Nikethan English Medium School is dedicated to mould children into the world citizens tomorrow, equipped with the art of moral attributes, spiritual insight, love for humankind through application of latest educational tools and personalizing development programmes.

Throughout these years of function, the school has grown one of the most important and significant institution in the costal belt of Kerala by imparting quality English education to the poor and oppressed. Our school care the children from Kindergarten to grade 12. From the Kindergarten itself we mould our children to be a better and useful citizen who can contribute much better for the human raise. Along with academic education, culture, Life Skill and emotion skill also trained among children.

Our school's academic performance is excellent. We give ample importance in the field of science, sport and games. We do maintain well equipped science lab, namely Physics, Chemistry, Biology, Mathematics and Social Science. An Electrical/electronics lab with an aim to facilitate robotic training established in the campus. A small kind of Research Centre is functioning in the campus where research on habitat change of fish and water animal are in progress; converting fresh water fish to sea water and vice versa. Our sport and games and athletics team are grabbing prizes and we provide ample opportunity for every child to come up.

As it everywhere we had also little setbacks in due to the pandemic situation, but we are trying the break the shell of troubled and adverse situation. Now we are on the move with the new target of aims, hope and horizons.

Many of our children, on completion of their grade 12 education qualified for Government scholarships and hence they find much easiness in getting admission with good universities for higher studies like medicine-MBBS, Engineering, Nursing and other arts, Science and commerce streams. We created unbreakable records in sports and games. Our children used to win in national level science exhibitions, quiz competition and other kind or art forms. Our academic performance brings out jealous amongst our neighbouring schools.

With the view create change in the society, we start at very root of every child family by giving parental, hygiene and motivational trainings regularly to the children, teacher and parents.

Our institution could make it happen of the support and guidance of Schritt Fuer Schritt. The care, love and support schritt fuer schritt extending us is heavenly and by which the dreams of many underprivileged and oppressed come true. May good Lord showers every blessing upon the families of our all benefactors.
