

Report of Differently Abled from January to December 2021.
Navieevan Social Centre Harnaut

Introduction

Community based rehabilitation of differently abled is another area in which Navjeevan social centre is actively involved from the year 2000 onwards

- Our goal of Community based rehabilitation program is to achieve the maximum function and adjustment of the individual and to prepare him physically, mentally, socially and vocationally for the fullest possible life compatible with his abilities and disabilities.
- Our first priority for these children is his social and emotional development. Children with physical challenges often have difficulty with relationships because of their physical limitations.
- Moving through each stage of development, including social, emotional, and intellectual as well as physical development, is much harder for them — but still do-able.
- Teachers, parents, and outside experts all have the same goal — to enable the child to become a creative, assertive, warm, friendly and social young person
- Being the community based venture it gives us greater opportunity to interact with the families and communities on regular basis
- We provide education up to graduation, medical and social rehabilitation (e.g. Surgery, tricycle, callipers, vocational training, tailoring, tailoring machine, small shops as IGP etc).

Activities

• **Monthly meeting** is conducted 1st Saturday of every month where all our children take part. It is a good opportunity for the children to meet their companions and share about their studies. During this meeting impute sessions are given on health, protection of environment, communicable diseases and their preventions, HIVAIDS , personal and environmental hygiene, different sickness, its causes and prevention and the importance of spending time for studies etc. All these sessions are given by power point presentation, by film shows, storytelling, question answer and discussion method. Financial Help for their studies: Tuition fees, College registration fees, text books, copy books, medical expenses, dresses etc are given to them according to the need. Also personal attention is given to each child.

• **Medical treatment.**

We give help for surgery, callipers, tricycle and medicines to treat sickness etc.. This year two people had surgery and two people got help for hospital treatment. Three people got electric Tricycle. All are keeping fine

• **Sports**

At the occasion of international disabled day, 3rd December, we have arranged sports for our disabled children. Every year we arrange different Programs on world Disabled Day. All took part with enthusiasm.

- **Competitions in singing, speech and poem reciting.**

We have conducted competitions on singing, quiz, painting, poem reciting, small skits etc. These competitions give the children opportunity to bring out their hidden talents. They took active part in competitions. Prizes were given to the winners and consolation prizes to all those who have participated.

- **Regular visit to their homes and coaching centres.**

We visit regularly each **child's home and their study centres**. Main purpose of our visit to the children is to have personal contact with the parents and the teachers. We get information about their progress in studies from the teachers. And by visiting their homes we establish good relationship with parent and also we come to know the situation of their family which will help us to understand them and care for the children in a better way

- **Study Tour:**

We used to take the students for study tour in different places but this year due to covid 19 pandemic we had to cancel that program.

• **Financial Help for their studies:** Tuition fees, text books, copy books and dresses are given to them according to the need and also medical expenses to those who are poor.

Progress of the differentially abled children

1. Pintu Kumar: From Morethalab village MBA passed. He has got a Job in Hyderabad. He is working in a company and with that income he is looking after his family. He got married in 2021. He and his wife are keeping well.

2. Kanaya Kumar: B.S.C passed. He is doing well in his studies. At the same time he is taking tuition for younger children to earn some money. He lost his father due to filaria. The burden of the family is on Kanaya Kumar. He manages the house with the little income from tuition. Now he is married. He is staying with his mother, a wife and two children. His only income is the small tuition centre. Due to covid 19 his tuition centre is stopped for two months so he takes tuition in his house for limited number of children

3. Suraj Kumar from Ambedkar nagar: He is doing Job in a jewellery shop in Jaipur Rajasthan. He is doing well and he is very happy. We have regular contact by phone.

4. Suraj Kumar from Digrihard: He has completed BCA. He is trying for a job. He and his family members all are fine.

5. Rubi Kumari: from Bagatila have done one year computer course successfully in Jaipur and she has got a job in a company in Jharkhand. She is very happy. She is married to a handicapped man.

6. Rajanti Kumari: passed BA and doing Job oriented competition course. She has learned Tailoring from our centre and we gave her is given a Tailoring Machine.

7. Nishu Kumari : BA Passed and also learning computer course. Also they are preparing for competition test to get a job. She has learned tailoring from our centre and we have given her a tailoring machine. It is also a help for her. She earns some money by that also. She also got married and she got one child.

8. Neeta Kumari from Hilsa : has completed one year computer course in Jaipur Rajasthan and she has got a job in Jaipur.

9. Neetu Kumari from Bena village: Passed BA and studied computer course in Jaipur. After completing the course she came back to her village. Now she is doing competition class with aim of getting a Job. She also completed one year Tailoring course from our Tailoring centre. We have given her a Tailoring machine.

10. Rajani Kumari from Dwarika bigha village: has passed BA and she did computer course from Jaipur. She got married. Her husband is working in a private company. He also is handicapped and walking by the help of callipers. They have two children. All of them are keeping fine.

11. Ajai Kumar from Cheran village is doing 12th standard. He is the youngest son of our Animator savita Devi. He is very good in studies. He has done three months electronic course from Asha Deep Muzafapur. He is planning to start an electronic shop on his own.

12. Sivani Kumari from Dwarikabigha: is keeping fine she did well in her exam and is studying in class 4. She goes to school every day.

13. Bachan Kumar from Dwarika bigha: is handicapped by both legs he moves around by tricycle. He went alone all the way to Jaipur (two days train journey) and got the tricycle. He is doing small business repairing the chapels. He is survived by step mother and she is cruel to him. His father wanted to take him to Delhi for child labour. But he refused to go. He is staying alone. Though handicapped by both legs he is very smart.

14. Dularchand Kumar and Rinku Devi from dwarika bigha: they are husband and wife. Both are affected by polio. Dularchand is handicapped by both legs. He can't stand up. Rinku Devi is handicapped by one leg. She walks limping by giving support to the leg by one hand. They have four children (Three girls and one boy) very small ones. We have advised him to send the eldest one to the nursery. He is repairing chapels on the food path. That is his only income.

15. Uday Kumar from Dekpura village : has done MSc in Hazaribag (Jharkhand state) and he is working. Now we have no contact with him since he is in another state

ACKNOWLEDGEMENT

We, sister in charge and the staffs of Navjeevan social centre, and the beneficiaries are very grateful to Mrs. Agnes and the team for the help you are giving to these disabled children. You are very much remembered in our prayers. We are also grateful to sr. Philomina Thomas the Director of WWC for her encouragement making the fund available to us.
